

EasyView 5

Customizable system monitor with intuitive control

Controlling your Mastervolt system has never been easier with this waterproof system monitor with 'daylight readable' display and intuitive touchscreen.

The EasyView 5 features a sharp, waterproof display which is clearly readable in daylight. Thanks to the colour touchscreen and multi-language menu, the display is a pleasure to operate. Easily customizable favorite pages show all relevant system information at a glance.

Features

- Waterproof, 'daylight readable' colour display.
- Intuitive touch control.
- Customizable favourite pages.
- Log book for warnings and alarms.
- Buzzer and Home button.
- Easy mounting: front mount, wall mount or retrofit.
- MasterBus powered or MasterBus powering 12/24 V input.
- Easy updating through MasterBus and USB.

Applications

The EasyView 5 completes any MasterBus system. With its handy functionality and compact size, the Easy View is ideal for yachts, vehicles and stationary systems. Applicable in various markets such as marine, mobile (recreational and professional), infrastructure, offshore, off grid and industrial. *The possibilities are endless!*
